

Vicken TARKHANIAN

Co-founder of doonbeytdesign s.a.r.l. - Principal Architect - General Manager - Partner

Vicken Tarkhanian is a Lebanese Architect who received his MA degree in Architecture from Balamand University - ALBA in 1997.

In the year 2000, he co-founded **doonbeytdesign** with his brother, Raffi Tarkhanian.

Vicken has received several renowned awards including the International Property Awards in London and the Arshile Gorky Award in Armenia.

Vicken has been serving as an active member in the Order of Engineers and Architects of Beirut, Lebanon since 1997 and is also a member in the Lebanon Affiliate Representative of the Pan-Armenian Association of Architects and Engineers (PAAAE). Furthermore, he has recently been elected as the National Deputy of the Armenian Prelacy of Lebanon.

Vicken currently acts as a client representative and advisor for architectural consultancy in several internationally reputable companies.

He maintains recent knowledge of trends and technological advancements in architecture through a yearly participation in internationally renowned fairs and seminars including ones in New York, Milan, Stockholm, and Dubai.

Vicken is a perfectionist within his work. With his visionary approach, he plans and executes complex projects with an innovative spirit that also possesses a critical eye for minute details.

Vicken also devotes his architectural talent to spiritual and humanitarian projects such as creating Sacred Spaces, Museums, and Memorials.

His interests include cosmology and futuristic space tech concepts; in addition, he is an appreciator and collector of sculptures, paintings, stamps, and coins.
